## WARM UP

10 MIN

TEAM 2

FREE DISCUSSION

Select 1 of those web site

<https://www.w3schools.com/>

<https://www.amazon.com/>

<https://www.unicef.org/cambodia/education>

Answer those questions

1. What do you think about these web sites ?
2. How do you feel about these web sites ?
3. Why companies always have a website ?
4. What do you expect of a website ?

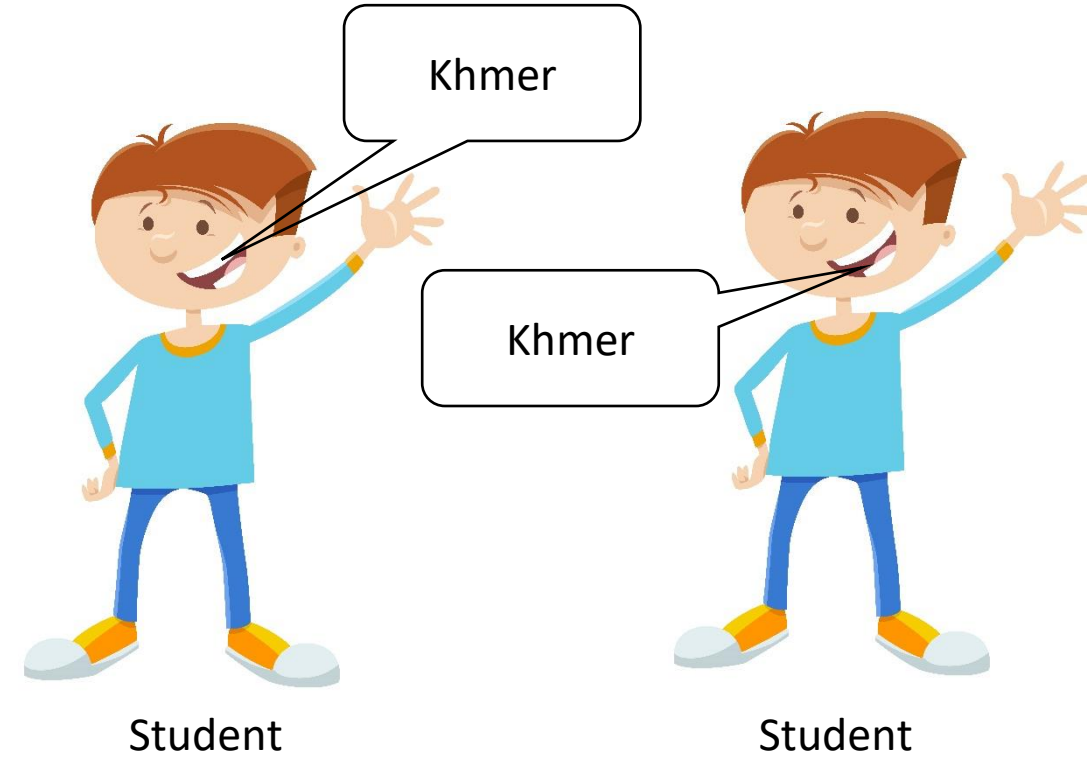

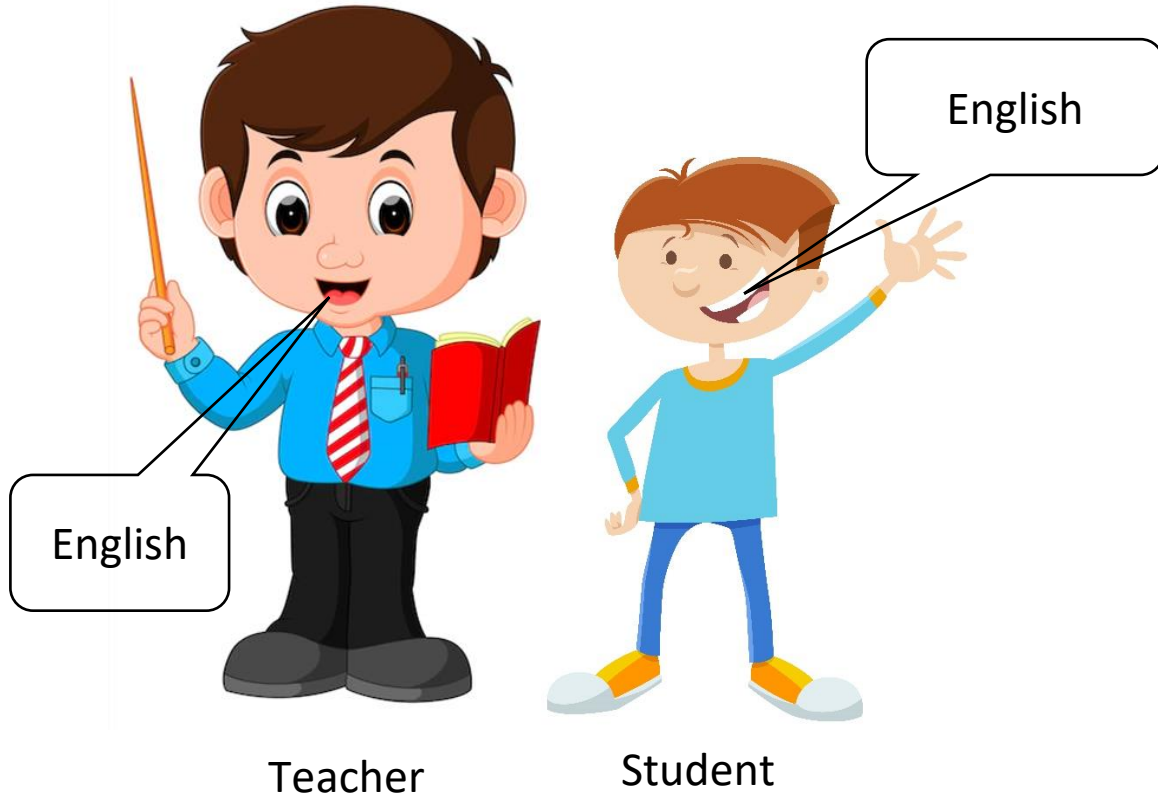

5 MIN

CLASS

# What is a programming language ?

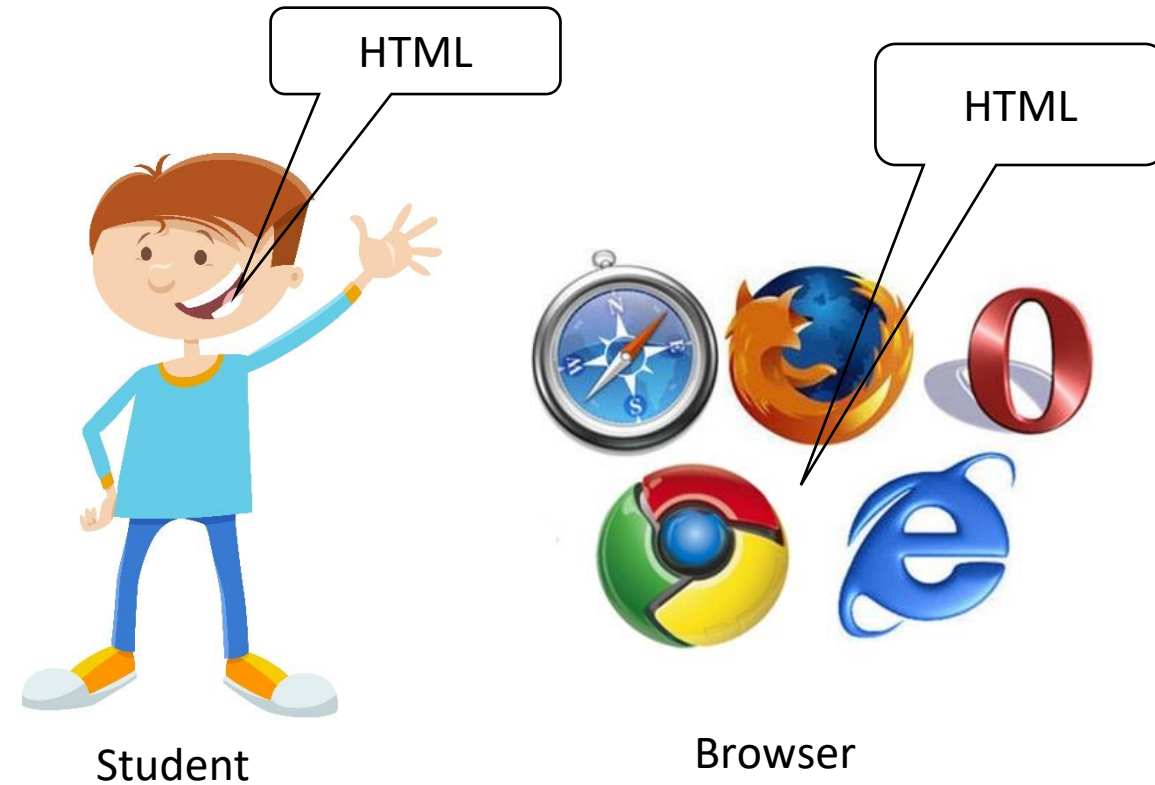

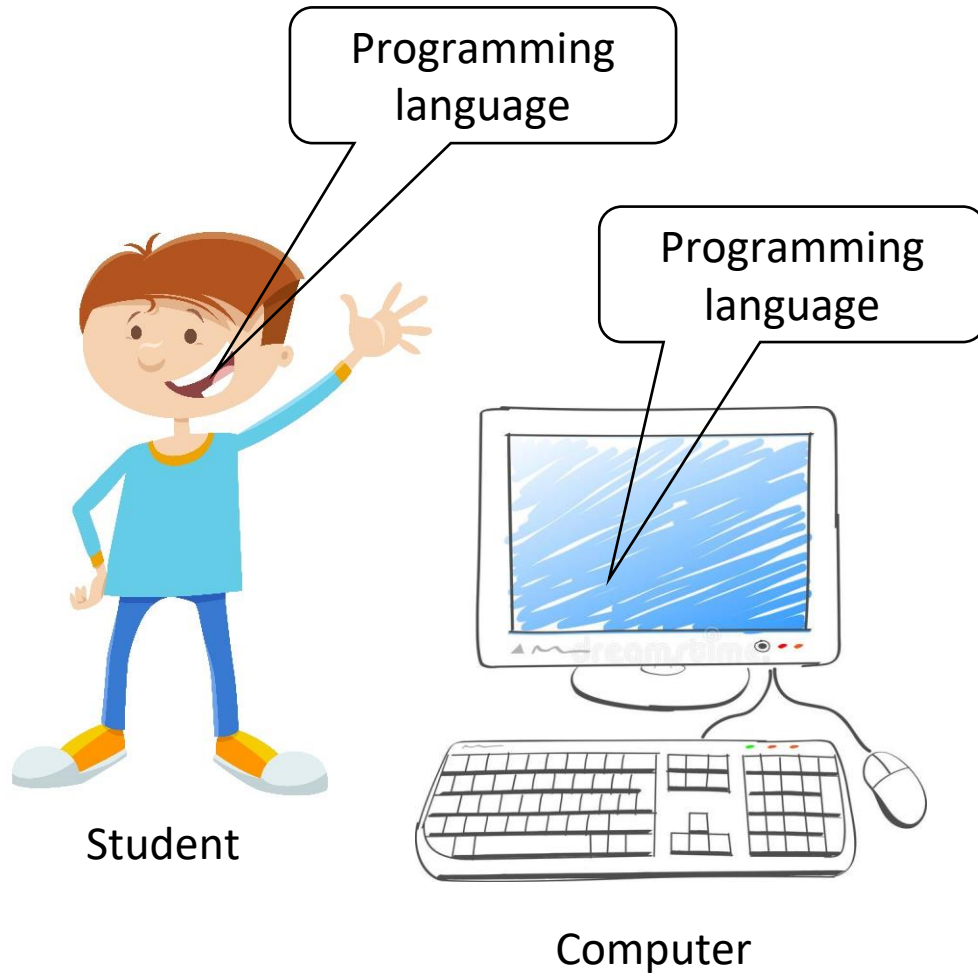

5 MIN

CLASS

# What is a programming language ?

5 MIN

CLASS

HTML is the language to **create web pages**

**H**yper**T**ext **M**arkup **L**anguage.

You can make links  
from one page to  
another

HTML language  
Is based on TAGS

15 MIN

1

# You first web page

- ✓ Open VSCode
- ✓ Create a file **page.html** with following content :

```
<html>
  <head>
    <title>HTML lesson 1</title>
  </head>
  <body>
    <h1>My first page</h1>
    <p>Hello WEP 2023 students!</p>
  </body>
</html>
```

- ✓ Open this file on your web browser.

15 MIN

1

# You first web page

✓ Compare your code with the result on the browser and answer questions:

- Where is the *content* of : **<title>**, **<h1>**, **<p>** ?
- What is the *meaning* of : **<title>**, **<h1>**, **<p>** ?

✓ Check on Google :

- What is **HTML language** ?
- What does **HTML means** ?

5 MIN

CLASS

# What is a HTML TAG ?

```
<title> HTML lesson 1 </title>
```

Start tag

End tag

Tags tell the **browser** about  
the **structure** of your **HTML**

10 MIN

1

# Draw the final result on your book

```
<html>
  <head>
    <title>PNC page</title>
  </head>

  <body>
    <h1>Welcome to PNC</h1>
    </img>
    <p>
      This is my paragraphe. <b>I like it</b>
    </p>

    <h2>Friends</h2>
    <p>
      I have 2 friends : Anne and Ben
    </p>
  </body>
</html>
```

Write it on paper

pn\_logo.png

CLASS

# What is the meaning of each tag?

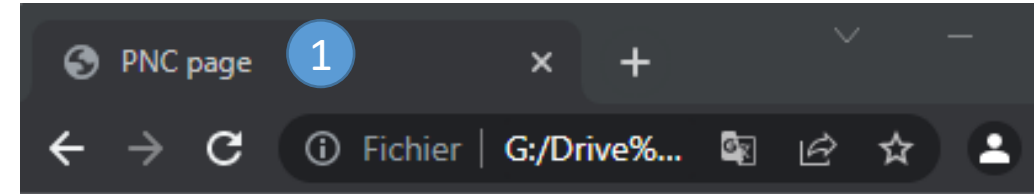

```

<html>
  <head>
    <title>PNC page</title> ①
  </head>

  <body>
    <h1>Welcome to PNC</h1> ②
    </img> ③
    <p>
      ④ This is my paragraphe. <b>I like it</b> ⑤
    </p>

    <h2>Friends</h2>
    <p>
      I have 2 friends : Anne and Ben
    </p>
  </body>
</html>

```

Welcom to PNC ②

④ This is my paragraphe. I like it ⑤

Friends

I have 2 friends : Anne and Ben

INDIV

## After class

1. Complete the **handout** I give you now.
